

## REMARKS

### Claims

Claims 1-9 are presented in the literal translation. The original claim content is now amended to put the claims into more conventional US claiming form and to remove multiple dependencies. Accordingly claims 1-9 have been amended and new claims 10-16 are presented. No new matter is introduced by this amendment.

### Substitute Specification

The applicant invokes 37 CFR 1.125, allowing use of a substitute specification, so that the Examiner has a clean copy of the specification for work purposes, since the literal translation lacks headings and paragraph numbering. Per 37 CFR 1.125, No new matter has been added to the substitute specification.

With these amendments, the case is believed to be in order for allowance and such allowance is earnestly requested.

Prompt consideration of this application and allowance of the claims are requested. If the Examiner should have any question regarding this application or the amendment, a call to Applicant's attorney would be appreciated.

Respectfully submitted,

HAHN LOESER & PARKS, LLP
